

Structured for Your Success

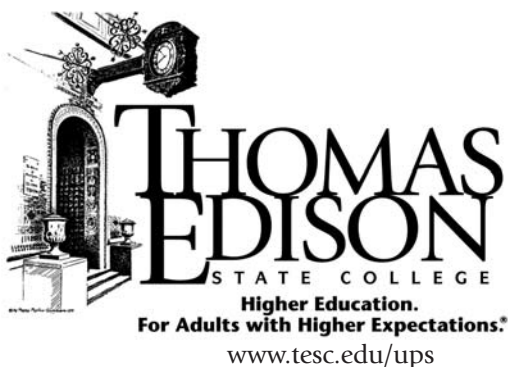

UPS has selected Thomas Edison State College, based in Trenton, NJ, to offer degree and certificate programs to develop the company's workforce and the next generation of organizational leaders.

UPS and Thomas Edison State College have developed a customized undergraduate certificate in Operations Management designed to promote professional advancement within the company.

The 18-credit certificate has a strong focus on organizational leadership and business administration and transitions easily into a Bachelor of Science in Business Administration degree in Operations Management.

As an employee of UPS, you can use the company's tuition assistance program to complete a degree or certificate program offered by Thomas Edison State College at the undergraduate and graduate level. The College's regionally accredited academic programs revolve around the unique needs of working adults, like you, and are delivered to wherever you live or work.

About Thomas Edison State College

For more than 30 years, Thomas Edison State College has been a pioneer in the use of the latest technology to develop flexible, high-quality educational programs for self-directed adults and is a national leader in the assessment of adult learning. Thomas Edison State College is one of New Jersey's 12 senior public institutions of higher learning and one of the oldest colleges in the country designed exclusively for adults. It is the only state college of its kind in New Jersey and has been identified by **Forbes** magazine as one of the top 20 schools in the nation in the use of technology to create learning opportunities for adults. Thomas Edison State College is regionally accredited by the Middle States Association of Colleges and Schools.
